Within the past four days her complexion has become muddy, her feet "flat," her voice nasal and hoarse, her hearing defective, her eyes "covert like a fox," and her "manners a bit coarse and suggestive."

SHOWED THE TRICK

BRUMMETT PAID \$14

FOR DEMONSTRATION.

The Proximity of a Policeman Led to the Return of the Money—The Old Story of "Have a Drink: See a Trick, Loan Me Some Coin for a Moment. Just to Show How It Is Done"—The Bunco Man Is Now in Jail.

Never again, declares W. Brummett, a contractor, will he loan his spare change to a stranger in order to see a coin trick. Fourteen dollars is the sum he is alleged to have handed Joseph Minard Saturday night, and had not Policeman J. W. Scheer happened along, it is probable that he would still be minus the money. As it is, Minard is in the county jail charged with obtaining money under false pretenses.

Saturday night Brummett and his wife were at the depot awaiting the 11 o'clock train to Umatilla. A stranger approached and invited Brummett to drink with him at a nearby saloon. Brummett accepted and the two entered a box at the Oregon Liquor Store. After the drinks were served Brummett alleges that the stranger wanted to match dollars, but he refused. Then his new acquaintance offered to show him a queer coin trick, but discovered he did not have enough money with which to properly demonstrate it.

Would Brummett lend him some coin for a few seconds?

Sure Brummett would, and he handed over \$14. Then the stranger coolly dropped the money into his pocket and arose to depart. Brummett protested, but his companion merely smiled and shrugged his shoulders. The two men emerged from the box and left the saloon in a heated argument. Policeman Scheer was in the barroom, and suspecting that all was not right, followed the pair and asked Brummett the cause of the argument. The contractor told his story and without a word of protest the stranger handed him \$14. Scheer placed the man under arrest and locked him in the city jail. He gave the name of Joseph Minard. Brummett is to Maxwell today and the prisoner will be given preliminary examination as soon as he returns to Pendleton.

GLEE CLUB TOMORROW.

Well Known Musical Organization Goes to Athena Today, Returning Tomorrow Evening.

The University of Oregon Glee Club, 20 strong, passed through the city this morning to Athena, where it will give an entertainment tonight.

The club will return to this city and give an entertainment at the Christian church tomorrow night.

The club is composed of 20 high-class musicians and entertainers, and the entertainment tomorrow night is to be one of the unique and distinctive events of the winter. The entertainment will be given under the auspices of the high school, and should have the encouragement of every patron and lover of the schools. The high school grades are making every effort to improve their local societies, debating clubs and other features of their elevating school work, and are trying to raise funds from entertainments with which to supply their needs.

The Glee Club comes highly indorsed from every city in which it has appeared. The Eugene Guard, speaking of the program rendered in that city, says:

"The program rendered was excellent and far surpassed that of Stanford or Berkeley glee club entertainments. This morning's entertainment was the first chance that the Eugene audience had to see Mr. Roundtree in his work, and to say that his work was satisfactory is putting it mildly. His work will have to be seen to be appreciated.

"The laughing song, with Roundtree as the center attraction, brought down the house, as did also the song, 'Seminole,' as sung by Mr. Abbott and Roundtree. The crying song and 'Laxy Bill' were also excellently rendered.

"The Mandolin Club also came in for a good share of applause and did excellent work."

The club is composed of the following, some of whom are known in Pendleton: I. W. Glen, director; O. M. Bittner, M. McClain, E. R. Abbott, S. C. Thomas, C. Starr, H. Glafke, R. Kearns, L. Bellman, T. Lister, W. Kincaid, D. Sherk, T. Beck, L. Henderson, B. Roundtree, C. Cleveland, F. Harris, C. Brown, H. Fenton and A. Tiffany.

THE FRANK JAMES PLAY.

Melodrama of the Middle West Tuesday Night.

"The Fatal Scar" begins its engagement at the Frazer on Tuesday evening, December 20.

This is a play for the family, young and old. It is relaxation from care and worry, a force in character-building through exciting such feelings and sentiments as tend to develop and strengthen a man. It is universal in its power to interest, to move and to amuse, for it deals with experience common to all mankind, though specialized by a chosen environment. Once seen this drama is sure of a hearty welcome on a return date.

The company consists of clever actors and actresses, chosen for their special fitness for the various roles in the play. Also as a special attraction the management has secured Frank James, the last of the James boys, and he will appear nightly and this will probably be his last as well as his first appearance here behind the footlights.

An Upset on Hoon Hill.

C. C. Shumway and Wilson Kutch had rather a disastrous adventure a few nights ago while returning from Milton to their respective homes on Coos creek. As is the habit among Coos Creekers, Mr. Shumway sat with Mr. Kutch in the latter's hack, trailing his own buggy. While descending Hoon hill the trail buggy ran forward, frightening both teams, and between the two they upset the hack on top of the men, both of whom were severely bruised. Mr. Shumway being two days in bed with an injured ankle. Mr. Kutch's rig was quite badly wrecked, but the horses escaped injury. The entire outfit was piled up at the foot of the hill, and the teams, plunging madly, could not get away. As the men were returning from prohibition Milton, the accident is free from suspicious circumstances.—Weston Leader.

STATE GOVERNORS ON OSTEOPATHY.

Governor Grant, Vermont: "Osteopathy has been tried by the leading men and women of this state, and they testify to its merits. We will give it a chance."

Gov. Briggs, North Dakota: "Osteopathy has helped me and done good in my family, and in the hands of competent persons, as this bill limits it, will hurt no one. I will sign it."

Gov. Pingree, Michigan: "Osteopathy is a science entitled to all respect and confidence as a distinct advancement in the science of medicine."

Gov. Shaw, Iowa, (secretary of the treasury): "I am fully convinced that Osteopathy is a rational and scientific system of healing."

Gov. Altgeld, Illinois: "Osteopathy came to the rescue of myself and wife and did that which other things had failed to do. Honor to those to whom honor is due."

Gov. McMillan, Tennessee: "Osteopathy is one of the greatest discoveries of modern times."

Gov. Turner, Illinois: "There is no doubt that Osteopathy will reach and cure many chronic troubles that medicine will have little effect upon."

Similar expression come from Governors Stevens of Missouri, Lee of S. Dakota; Dillingham, Vermont; Taylor, Tennessee; Beckham, Kentucky, and Smith, Vermont.

Only a sound, scientific and complete system can elicit such expression from such men. You, who lack knowledge and regard Osteopathy as "rubbing" and a "fad," are due to investigate. Call on Doctors Hestington, Despain Block, for information.

TESTED AND PROVEN.

There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation.

For months Pendleton readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

F. A. Morris, retired, who lives on Perkins avenue, is well known to Pendleton people, says: "I was troubled with my kidneys off and on for three years. In early days, I worked standing all day at a bench and later on I became motorman on an electric car. That, too, kept me on my feet all day and aggravated my complaint if it did not start it. It annoyed me through the day more than at any other time. I finally got a box of Doan's Kidney Pills at the Brock & McCormack Co. drug store and used them. They cured me. I have not had even the slightest attack of backache for five years, nor have I used any pills since I stopped the treatment last October."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
